

Morning heading out to Leskova five
A King in my kingdom I'm a star I'm alive
Got my breakfast, got my coffee got my paper in hand
I switch it on at the office with a single command

Check the mail and I'm meeting you face-to-face
The numbers I'm crunching, tell a hell of a pace
sure as hell ain't tiny...yes, I have to admit
But life ain't cheap or easy-- that's what you've got to get

Brother wasn't always like this --climbing up to the peak
Starting out wasn't easy, it was rough it was steep
Cloudy beginnings, the start is never clear
Sometimes it even ends before it truly comes near
Yeah, I remember those times, with just the two of us, see?
I bled more sweat than Maya the Bee
But the pie got bigger, the cash pumped up
we got fatter and fatter and climbed straight up!

Now we're fresh and we're sharp! Not you're everyday gray...
So, hook up with us! or wake up and make way!
Innovations! connections! it's what we're about...
Unbelievable, Impossible? Get up. Check it out.
The Award from Flema , got Union, just think!
Our TV spots blast, they're not just BLINK- BLINK
We hammered the Golden Nail and we have ruled completely,
We are StarMedia and we conquer so sweetly!

Refrain:
Our accolades are many, our limits are few
Got Golden Nail, got Flemas. Got a top-notch crew.
We're like a space rocket, going up, blasting out
Raising levels, breaking limits, it's what we're all about.

(Prestige)

My track raises the limit, and it sets the mood
But maybe you think I'm primitive, unrefined and crude?
Wrong! I may be new-wave but I'm still old-school!
I'm a cutting-edge promoter with my clients and crew

We conjure media all over the place,
On the surface, in the air, and in outer-space!
We dedicate to those who stand with us with joy
together at the top singing "hoja dund'a hoja"

So thank you....
